

WEST COAST SPEECH LANGUAGE PATHOLOGY UPDATE

Mask Reminder

As more clients chose to have in-person therapy sessions we have more people using the waiting room. To help protect everyone, we would like to ask you to wear a mask when you are at the clinic.

We Can Share

If you forget a mask, please let us know and we will be happy to share one of ours.

Rate Increase

Effective October 1 our rates will be:

\$160/hour
\$120/45 minutes
\$80/30 minutes
\$110/group hour

REMINDER: Payment is due at the time of your therapy session.

Zoom Zoom

We are investigating the use of our Jane platform to do our telehealth sessions. In the meantime, please continue to log on with Zoom. You can ignore the prompt from your Jane reminder until your SLP tells you otherwise. We are very sorry about this confusion.

THANK YOU!

We always tell everyone that we have the best clients and we mean it! Thank you for sticking with us and being so flexible as we navigate our way through this pandemic.

Please contact us if you have any questions.
